Optoma | HOME ENTERTAINMENT

MovieTime™
Digital DVD Projector

Instant Home Cinema

No setup required! Just plug in, point at a wall and insert a DVD movie disc for huge screen, digital quality Home Cinema.

Huge Screen Experience

The largest big screen TV's are dwarfed by the astounding MovieTime™ DV10 picture that can fill a wall.

Perfect Image Quality

Ultimate quality digital connection between the integrated digital DVD player and digital projector ensures crystal clear, high contrast, perfectly balanced pictures of vastly superior quality to Plasma or LCD.

Giant Screen TV, Gaming & Photo viewing

Use with:
Digital TV or **Satellite** set-top boxes - for giant screen viewing
Games Console - for life size characters and totally immersive action
Digital Camera - display your favourite Photo image CD's from the integrated DVD player
Computer - a computer monitor the size of a wall
Camcorder - transform home movies into a cinema experience
VCR - your old favourites but bigger

Ultra Portable

Carry a Home Cinema system with a wall sized image, to a friend's house, in one hand.

Ultra Portable
Instant Home Cinema

The MovieTime™ DV10 integrated Digital Projector, Digital DVD Player and Sound System provides huge pictures and audio of exceptional quality in a sleek, ultra portable design.

Huge pictures with breathtaking quality, large enough to fill a wall

Parties and Get-Togethers

Sports and Special Events

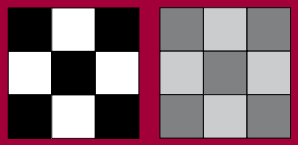
Huge Screen Movies

Classrooms and Seminars

Photo Slide Shows

Stunning Realism

Exceptional picture quality requires an exceptional Contrast Ratio to produce important, subtle, light and shade detail. Unique Image AI™ technology enables an exceptional Contrast Ratio from MovieTime™ DV10 producing stunningly realistic pictures that are just not possible with most projectors or LCD/Plasma displays.



MovieTime™ DV10 High Contrast

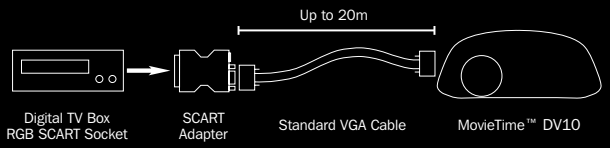
LCD/Plasma Low Contrast

Audio

Integral stereo speakers provide portable convenience. Add an external sub-woofer for even greater impact. The digital optical output is ideal for connection to ultimate quality digital Home Cinema surround sound systems.

SCART RGB

The SCART RGB feature makes it easy to get very high quality pictures from digital satellite, digital TV boxes or games consoles. If you want to watch the highest quality TV, sport or gaming pictures you need SCART RGB. A unique supplied SCART RGB adaptor enables inexpensive, very high quality, VGA type cables to be used to connect these devices to the MovieTime™ DV10.



DOLBY DIGITAL

HD HIGH DEFINITION COMPATIBLE

ImageAI

O2 air

Unique 3 stage air purifier de-odorises and reduces bacteria and harmful hydrocarbons in the air in your room, whilst you watch a movie.

Connectors
